

MAJOR UPDATE - JULY 24TH 2016

Last week we sent out a letter to the community that we were in the process of engaging with construction companies to work with our existing team of our overall Project Manager (Tom Forney of Tom Forney Construction) and Architect (Marko Dasigenis of Philip Johnson Alan Ritchie Architects). We have some exciting news! After a thorough evaluation of competitive proposals from some of the leading construction companies in Houston, the Construction Committee unanimously recommended, and the Parish Council unanimously approved the selection of **Satterfield & Pontikes Construction** working with **Fretz Construction** as the General Contractor on the project.

As we stated in the letter from last week, we are well on our way to raising the funds necessary for this project with current pledges (as of July 20, 2016) of \$9.86 million, leaving \$2.64 million needed to reach our \$12.5 million goal, we need your help!! We currently have pledges from approximately 108 families and, as with our last major redevelopment campaign in 2000, we would like to have at least 500 families make pledges. To make it as easy as possible to give, pledges can be paid in a variety of ways - by check, credit card or with securities - over a period of up to five years if desired. You will notice a list of pledged donors published in the weekly bulletin. **Please consider making your commitment so we can achieve 100 new family pledges per month. At that rate we will reach our goal of over 500 families pledging to the campaign before the Fall Assembly!!**

Our website has been updated with new information including the proposed floor plans and some spectacular renderings of the design. Please visit www.AGOC2017.org for all project information. Additionally, a representative of the committee will be in Martel Hall after Liturgy on Sundays to answer questions.

A list of the families that have already made pledges is included - **hurry and get on the list!!**
